

## **Gastroenterologists from East Valley Digestive Disease Center (EVDDC) in Mesa, AZ Are Now Prescribing HyGieaCare® *Same Day Prep*™ before colonoscopy**

### **HyGieaCare® Center in Gilbert is now open for business**

AUSTIN TX (PRWEB) APRIL 12, 2016

EVDDC patients can now benefit from ***Same Day Prep***™ for colonoscopy to be performed at the HyGieaCare® Center located at Harbor Shores Medical Center II, 4001 E. Baseline Road, in Gilbert, AZ.

The Center features the HyGieaCare® Prep System, cleared by the U.S. Food and Drug Administration (FDA) to effectively clean the bowel using a gentle infusion of warm, gravity-flow filtered water. Patients can now forgo many of the elements that make traditional bowel prep inconvenient and uncomfortable, and can experience simple, easy bowel prep on the same day as their scheduled colonoscopy.

“With ***Same Day Prep***™ our patients can now prepare comfortably for colonoscopy in a safe, private and hygienic environment at the HyGieaCare® Center - without the challenges of today's older oral preparations,” said Ramsey K. Umar, MD, who practices gastroenterology at East Valley Digestive Disease Center (EVDDC).

“Our team is excited at the opportunity to provide patients with **Same Day Prep™** for colonoscopy at the HyGleaCare® Center in Gilbert,” said Gabi Meron, Chairman and CEO of HyGleaCare®, Inc. “patients can now join over one thousand patients in Austin, Norfolk and Dallas that already benefited from the advantages of our **Same Day Prep™**.”

At the HyGleaCare® Center, the prep is performed in a clean and comfortable environment. It is safe, simple, comfortable and patients have reported that this is preferred over oral prep. The HyGleaCare® **Same Day Prep™** replaces traditional prep for colonoscopy and is performed on the same day as the colonoscopy, prior to the scheduled procedure.

East Valley Digestive Disease Center (EVDDC) <http://www.evddc.com>

The East Valley Digestive Disease Center is composed of the Digestive Disease Consultants and East Valley Endoscopy.

Digestive Disease Consultants (DDC), a Division of Arizona Digestive Health, is a clinical practice comprised of 6 board certified gastroenterologists and a nurse practitioner, that strives to provide excellence in patient care. The group physicians communicate constantly with referring physicians to optimize the medical management plans of the patients.

East Valley Endoscopy (EVE) is a free-standing ambulatory surgery center where EVDDC medical staff perform numerous outpatient GI procedures. It has earned top recognition in the state of Arizona for its excellence. State-of-the-art equipment is used to help make proper and accurate diagnosis and therapies.

About HyGleaCare®, Inc.

Chairman and CEO Gavriel (Gabi) Meron -- the founder and former CEO of Given Imaging, the Company that successfully brought the PillCam to the world -- partnered with Texas-based Lifestream Purification Systems to form HyGleaCare®, Inc. to bring the HyGleaCare FDA-cleared Prep System and procedure exclusively to the GI world.

The goal of HyGleaCare® (<http://www.hygieacare.com>) is to provide unique services and solutions to gastroenterologists to deliver better GI outcomes for their patients and their practice through a chain of HyGleaCare Centers to be established in the US and throughout the world.
